

## INDIANS WON'T MAKE WAR, REBELS CLAIM

On Board U. S. S. California, May 26, via San Diego, May 27.—There is no danger of a Yagui Indian uprising in the valley back of Guaymas, according to assurances given the commander of the gunboat Annapolis by the "Constitutionalist" operating around Guaymas. The American commander has arranged with "Constitutionalist" headquarters to communicate through his lines with the 47 Americans now in the Yagui river valley, however, to make sure that they are not in need of assistance.

The Spanish resident of Arapahoe, with whatever personal property they have been able to collect, have gone aboard the gunboat in the harbor and are under the protection of the cruiser Chattanooga.

## EMILIO MADERO IS HERE; MAY GO SOUTH

Emilio Madero, brother of the slain Mexican president, arrived here Tuesday from his home in East Orange, N. J., where he has been living since his flight from Mexico last year after his brother's death. He will probably go south in a few days to see Villa, but has not yet decided whether he will enter the field. Like his brother, Emilio is a fighter. He was a brigadier general during the Orizaba revolution and accompanied Huerta during the campaign in Chihuahua.

It is generally said that Emilio Madero saved Villa's life when Huerta had ordered him executed at Chihuahua.

## ROOSEVELT READY TO ACT PROMPTLY IN COAL STRIKE

Testifies He Promised Strike Settlement, Though Impeachment Might Result.

New York, May 27.—Theodore Roosevelt, as president, was ready to take measures "equivalent to action in time of war" to end the great strike in the anthracite mines in 1902. He was determined to take action even though an effort should be made later to impeach him for it.

Mr. Roosevelt so testified today in giving testimony here today before a referee in the suit of Alexander T. Wales, a lawyer of Birmingham, N. Y., against John P. White, president of the United Mine Workers of America for fees he alleged due him in settling the strike.

"The situation began to grow acute. It was a situation full of menace," said Mr. Roosevelt, "to the country."

"I mind up my mind I would have to take drastic action unless the operators and miners got together. I intended to send in the United States army—I only wanted to get it in there, and I'd take care of the situation."

Could Impeach Him Later.

"I told senator Quay of Pennsylvania, I'd act, and I'd guarantee that the people of the eastern seaboard would have coal and have it right away," told him if he would help me he could vote to impeach me later if he wished. I asked Quay to arrange to have Gov. Stone of Pennsylvania send word to me he was unable to control the situation and then I would send in the army."

"I planned to have Gen. Schofield go in, take charge of the troops and act practically as receiver for the mines. I told the general it would be equivalent to action taken in time of war, and that he must pay no heed to any other authority—no heed to a writ from a judge or any other executive commands. He said he would do so."

Kept Plans Secret.

Col. Roosevelt said he kept his plan secret even from the members of his cabinet. The operators, he said, persisted in their uncompromising plan until finally a change came and after many disputes about the membership of the commission one was appointed and the strike ended.

Col. Roosevelt was constantly quarreling with Mr. Wales, who conducted his own case, when one of the examination. Mr. Wales frequently answered him and he bent forward shaking his finger at the lawyer and scowling at him. He said he had never seen Mr. Wales before, and knew nothing of any part which the plaintiff took in settling the strike.

Would Have Found a Law.

Mr. Wales tried to make Col. Roosevelt admit he was willing to violate the laws, defy the courts and disregard the constitution to settle the strike.

"I wouldn't accept your interpretation of the constitution," Col. Roosevelt retorted. "I proposed that every action I took should be in accordance with the constitution as Abraham Lincoln construed it."

"Would you have settled the strike, then, or no law?" persisted the plaintiff.

"I'd have settled it," Col. Roosevelt said. "I'd have found a law."

## WAR CORRESPONDENTS ARRIVE FROM FRONT

Gregory Mason Denies Report of His Being Held Prisoner. Villa Is On Way to Torreon.

Gregory Mason, special writer for the Outlook, about whom reports of shooting, imprisonment and some dozen other disfigurements have been circulating, arrived Wednesday morning in El Paso. He was accompanied by Herman Whitaker, special writer for the New York Independent. Both have been at the front around Saltillo and report that, in every instance, they have been shown every courtesy by the "Constitutionalist."

The two left Torreon Tuesday and, up to the time of leaving, Villa had not yet returned from the vicinity of Saltillo. He is reported confined in with a large detachment of troops from Parral, where he has arrived from cleaning up the Saltillo district.

Nothing has been heard at Torreon about the reported campaign of Orizaba and his men against Ojizaca, the correspondents said. It is the general opinion at Torreon that Orizaba left for San Luis Potosi prior to the main evacuation of Saltillo.

"Villa is going to attack Zacatecas as soon as the troops from around Saltillo arrive," said Mr. Whitaker. Their retreat to San Luis Potosi the federalists tore up miles of railroad. By capturing Zacatecas Villa will be comparatively close to San Luis Potosi without the necessity of waiting a long time to rebuild the railroad line. It is the general opinion at Torreon that no resistance will be offered at Zacatecas, but that the federalists will execute both that city and San Luis Potosi and make a stand at Queretaro.

There is no denying that they are little better than a panic-stricken mob. All the epic and light has been hammered out of them in the successive battles, retreats and evacuations. Villa, however, will take no chances and there will be no movement from Torreon until he is entirely prepared to throw a large, well-equipped force against the next federal defense.

## REBELS CAPTURE THE TOWN OF MATEHUALA

Rebel forces under Gen. Luis Quiroz have occupied the city of Matehuala, San Luis Potosi, according to a letter received here by Ernesto Flores. The message was written by Carlos Campero, who says that a shot was fired in taking the town. When a demand for surrender was made, the federalists, Matehuala and went by railway toward Venegas.

## DEMOCRATS MAKE CLEAN SWEEP IN BISBEE CONTEST

Majorities Run High, but Two Republicans on Entire Ticket Win Out.

Bisbee, Ariz., May 27.—Practically a clean sweep was made by the Democrats in the city election held here Tuesday. The mayor, all of the city council and the marshal are Democrats, only the city clerk and street commissioner, Republicans, squeezing through by a small majority. The election marked a complete change in the city administration which, but for one councilman, has been Republican.

John Adams was elected mayor, receiving 822 votes against 423 for J. S. Williams, who was running to succeed himself. In all cases the Progressives ran third, the Socialists bringing up the rear. Next to mayor the hardest fight was for the office of city marshal. Russell Watkins, Republican, putting up a strong fight against the Democratic candidate, William Allison, the latter winning by 71 votes. Alfonso Wright, Republican, was the winner in the race for street commissioner against J. Sheppard, and James Butler, also Republican, retained the office of city clerk, defeating Harry Tomlinson.

Cunningham and Hennessey from the first ward, Dubely and Walsh, second ward, and Johnson and Anglin, third ward, all elected. A number of women made the race, mostly on the Progressive ticket. A large vote was cast by the women of the city.

## NONPARTISANS WIN IN DOUGLAS CONTEST

Douglas, Ariz., May 27.—The non-partisan ticket elected most of its candidates here. Hugh Ellis was elected over H. A. Wimberly, Democrat, by a majority of 685 votes. The non-partisan ticket elected three councilmen, L. L. Speer, W. S. Dixon, and Frank Fisher, making an even break with the Democrats, who elected A. C. Thomas, M. F. Torrey and W. Nelson Dunlap, city marshal, Democrat, were elected.

## REFORMERS WIN A SIGNAL VICTORY IN GLENDALE ELECTION

Glendale, Ariz., May 27.—The reformers won a signal victory in the Glendale city election. Two initiated ordinances were adopted. One closes all pool halls and another closes moving picture shows, shooting galleries and other places of amusement from 12 o'clock Saturday night till the same hour Sunday night. Dr. J. P. Pearson, who headed the "Citizens" or reform ticket, was elected mayor over J. L. Gant, of the "Independents" by a vote of 118 to 112. Ray-Santle, R. P. Stauffer, O. D. Potts and D. C. Probst were elected to the council. Only Probst is an "Independent," the others being "Citizens."

## MESA ELECTS NEW CITY COUNCIL, MARSHAL AND CLERK

Mesa, Ariz., May 27.—At the Mesa city election, Robert Scott, William Beach, E. J. Davis, J. J. Frazier, Fred Ayer, William Hines and Max Vialti were elected to the council. Scott received the highest number of votes, 264, and probably will be elected mayor at the first meeting of the new council. Thomas D. Fetter was elected marshal and George Allison clerk.

## Did It Ever Occur to You

TO HEAR THEM TELL IT THAT EVERY PIANO DEALER IN EL PASO, HAS THE BEST PIANOS MADE IN THE WORLD.

and the other dealers' pianos are hardly worth calling pianos. Possibly you have not heard that kind of talk. If not it's because you have not gone to the different stores in search of a piano, or a player-piano. We hear it every day by customers who have visited some of the other piano stores. We know all the dealers carry at least one good make piano. We are not narrow enough to say we carry the best, we do positively assert we carry as good as the world produces. We have been selling the same pianos in El Paso for the past ten years. They have withstood the test of this severe climate so extraordinarily well, we challenge anyone to name one single instance where one of our pianos is not giving the best of satisfaction, and we have sold them up in to the thousands. We will gladly furnish a list of our customers to any one wishing to find out the perfect satisfaction our pianos are giving after years of constant use.

## A LITTLE SUGGESTION TO PIANO BUYERS.

Why not visit all the different stores before buying, see and try the different pianos sold in El Paso at the price you wish to pay. If you are not a judge, get one and take with you. No honorable dealer could object to your bringing a person experienced in and a judge of pianos. We will be pleased to have you do so.

We have good dependable new pianos from \$250.00 and upwards. New standard 88 note player pianos from \$400 and up.

Our stock of slightly used pianos never was better, ranging in price from \$100.00 and upwards. Terms from \$5.00 a month and upwards.

## TEMPE REFUSES TO REPEAL ANTI GAMBLING LAW

Strict Ordinance Is Upheld at City Election by a Large Majority.

Tempe, Ariz., May 27.—A heavy vote was cast in the Tempe city election and the ordinance to repeal the strict anti-gambling ordinance was defeated by a large majority. This means that no dice games of any description will be tolerated. Mayor J. T. Birchett was re-elected to the council, but he was not high man. J. M. Frizzell, J. J. Duck, W. G. Devere and Frank Pugal were the other successful candidates for the council. Birchett received the highest number of votes and only Devere fell below mayor Birchett.

It is customary for the councilmen to select the man receiving the highest number of votes as mayor, but it is understood that Birchett is a candidate for the place again and the first session of the council is likely to be an exciting one. Howard Brown was elected city clerk and M. C. Browning marshal.

Ask For No. 39 at \$3.00

A NATURAL looking model—not too high above the waist or too long in the length of skirt—not too heavily boned, but sufficiently boned to support the figure of a woman of average size—the figure apt to take on flesh if not properly corseted daily.

There are no side lacings or hip lacings, just six stout hose supporters that hold the corset skirt close to the figure. The waist line is straight, as fashion directs, and the hip outline as straight as is possible for a figure of this type to be.

It is truly a comfortable and delightful model. Can be had in coutil, and prettily trimmed.
